

Leadership Events and Sessions
at the
American Association of Community Colleges' 85th Annual Convention
Bridging Access to Success

As a service to our member colleges, AACC's Leading Forward project has compiled this listing of leadership related workshops, forums, receptions, award programs, breakfasts, reunions, and luncheons at AACC's 85th Annual convention.

This list is designed to assist you in planning your time at convention. If you haven't planned to attend, perhaps it will prompt you to do so!

Note that because definitions of leadership may vary, this list might appear more or less inclusive to different people. You can also obtain information on convention sessions at by searching the on-line convention program available at http://www2.aacc.nche.edu/convention_search.asp

We look forward to seeing you in Boston!

Making Time for Making Money: Successful Fundraising Presidents Tell it Like it Is

In the words of one successful fundraising president, "if I have an empty date on my lunch calendar, I've missed an important opportunity to connect with a donor." Securing resources for the college is among the most urgent and important of the president's priorities. Philanthropic resources have become more essential to the revenue mix of today's most competitive colleges. This session features practical advice from two presidents who have made time for fundraising at their colleges—and reaped the rewards. A fundraising consultant and chief development officer will offer suggestions for working with staff and consultants to make the president's return on investment in fundraising even greater.

Roundtable #4: Robust Leadership Development

At this session AACC's Leading Forward project will launch its community college leader competencies framework. This framework has been 1 ½ years in the making and has been heartedly endorsed by participants of AACC's four leadership summits and the Leading Forward national Advisory Panel.

The competencies framework can be useful to colleges in a variety of ways: as a curricular focus for all types of leadership development programs, as an addition to college human resource systems, and as a basis for an individual portfolio for personal community college career development. This roundtable will be facilitated by the Leading Forward manager and other Leading Forward staff. It will include a presentation of the competency framework and its possible uses, a discussion, a time in which participants can apply the competency framework to their own situation, and report-outs on that application. By attending to the leadership needs of community colleges we can build a bridge from access to success.
